*Hit Your Targets with Kinyo Blankets!*

## The Kinyo S3411 is designed for sheet-fed use

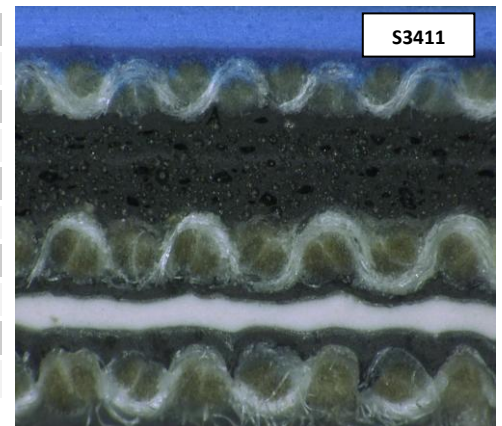

### The S3411 features:

- ✚ Tough, stable and longer press life through improved shock absorption and rapid gauge recovery.
- ✚ Thicker closed cell compressible layer with hard stabilizing layers for excellent dot reproduction and smash recovery.
- ✚ Tougher surface compound for longer life, reduced edge marking and resistance to chemistry.
- ✚ Polished rubber surface for exact dot reproduction.
- ✚ Excellent ink transfer and sheet release.
- ✚ Designed for demanding packaging and high quality sheet-fed applications.

#### Technical Data

Color	Medium Blue
Surface rubber	Chemistry resistant nitrile blend
Surface finish	Polished
Surface roughness (Ra)	0.8µm
Compressible layer	Closed cell - medium hard type
Nominal thickness	1.93 – 1.98 mm
Shore A hardness	81°
Micro hardness	63.5°
Elongation	< 1.0% stretch

*These values are typical properties and are not intended for specification purposes.*
